

Elliott Roosevelt

Continued from Page One

ered, Roosevelt said, "Let's clear up my moral record."

Roosevelt said Hughes was not the only manufacturer who entertained him.

He read off a list of a score or more firms which he said entertained him during the war, including Lockheed, Douglas, Fairchild, Glenn L. Martin, Consolidated, The Aluminum Corp. of America, Reynolds Metals, General Motors, Ford, Chrysler, Victor, Emmanuelle and others.

Coming to Pan-American Airways, he said, "Excuse me for bringing that in."

Ferguson wanted to know why there have been a lot of efforts to bring them into this case, and I don't think it's relevant," Roosevelt said.

Hughes has charged that Senator Brewster (R-Maine), chairman of the full committee, once offered to call off the hearing if he would agree to merge Trans World Airlines, in which Hughes has a controlling interest, with Pan-American. Brewster has denied that.

Roosevelt's attack on Meyer's expense records was launched with bitter words.

Meets Proverb

Roosevelt said that the constant reference to the name of Elliott Roosevelt in Meyer's accounts reminded him of a proverb, "Fishing a piece of paper out of his pockets, he read: 'He who digs a grave for another almost invariably falls in it himself.'"

"I think the colonel is questioning my veracity without reason," Meyer commented.

The publicity agent reiterated that he put Roosevelt's name on his expense sheets because he was entertaining friends of the President's son.

Ferguson asked Meyer if he en-

tertained them, "because you wanted to influence the colonel?"

The exchange went on: Meyer—"It was a matter of business."

Roosevelt—"What business? Did you claim I had any possible connection with the F-11 contract or that my friends could influence the contract?"

Meyer—"I didn't go into that."

Roosevelt—"Was my importance on account of the Hughes contract or because I had, say, a public name that was of some importance to the air force?"

Meyer—"That was possibly it."

Ferguson asked if Meyer would have gone to Hyde Park with several officers, in 1944 if they had not been friends of Col. Roosevelt. With Meyer in the witness chair, the committee developed yesterday that the Hughes publicity man and a group of army officers were guests of President and Mrs. Roosevelt at their Hyde Park, N. Y., home about the time of the 1944 election.

Trip to Hyde Park

At Ferguson's question, to Meyer, Roosevelt broke in to say he gave returning air force comrades a letter of introduction to his mother in 1944. He said that some officers had called his mother and she had invited them and their wives up to Hyde Park for lunch.

He said that Lt. Col. Clarence Shoop knew that Meyer knew Elliott and said:

"Look, let us call Hyde Park and find out if we can bring you along. You have known Elliott and I don't think Mrs. Roosevelt would mind."

Roosevelt added:

"And that is how Meyer got on the band wagon and went to Hyde Park."

Meyer verified.

Ferguson asked why Meyer had charged off the cost of going to Hyde Park "as a tax deductible expense?"

"That's what I would like to

know," chimed in Roosevelt.

Then came this:

Meyer—"Because it was establishing a contact, meeting people."

Roosevelt—"Contact with Mrs. Roosevelt? Does she run the air contracts of the United States?"

Meyer—"It's public relations. I'd say public relations means contact with people, meeting people."

Roosevelt—"Which company would benefit most with a contract with Mrs. Franklin D. Roosevelt?"

Meyer didn't answer.

Senator Pepper (D-Fla.) asked if any public relations man would not "jump at the chance" to go to Hyde Park as a guest.

"Jump at the chance?" Meyer responded. "Are you kidding? He would have chartered a private plane instead of buying seven railroad tickets like I did."

When Roosevelt first brought up the matter of Meyer's expense accounts, he shouted that it was "utterly despicable" that Meyer should indicate that every girl he got was for me."

He also used the word "procured."

Meyer's expense accounts, brought into evidence last week, showed more than \$5,000 spent on entertainment of Roosevelt and his friends about the time the contracts were awarded.

They also showed payments to young women, purportedly for entertaining government officials and others.

Roosevelt shouted that it was "utterly despicable" that "every girl he got was for me."

Demanding Meyer Be Called

He demanded that Meyer be called to the stand to "state for the record whether he ever got any girl for me."

Meyer, sitting nearby, broke in: "I don't like that word 'procured'. You can give a girl a present at a party and not make a bad girl out of her."

"You can use any word you want," young Roosevelt shouted, "but were they (the girls) for me?"

Roosevelt insisted that Meyer had not answered his question.

"The colonel well knows the girls were present," Meyer insisted.

Meyer said that at the gay parties in New York Colonel Roosevelt spent most of his time with Miss Faye Emerson, who later became Mrs. Roosevelt.

"Were any of the girls there to entertain me?" Elliott pressed his former party companion and host.

Meyer insisted the "girls" were part of a large party that varied from 20 to 30 persons.

"You mean their scintillating conversation was to entertain me," Roosevelt put in with irony in his voice.

"I resent any implication as to Miss Emerson," Roosevelt said, his voice filled with emotion.

Meyer broke in that was the last on my mind."

"You have said I was getting all the girls," Roosevelt told Meyer. "You have not answered my question about these girls. What was I doing lining them up?"

In angry tones, Roosevelt contended at another point that the Senate group has directed its inquiry at him, because he is "the son of the president" and passed

over gifts by contractors to other army officers.

General Anderson Retires; Now on Terminal Leave

MAJ. GEN. F. L. ANDERSON

Washington, Aug. 5 (AP)—Retirement of Maj. Gen. Frederick L. Anderson, assistant chief of the air staff for personnel, was announced today by Army Air Force Headquarters. General Anderson is being retired September 30 for physical disability.

During the last war Anderson commanded the Third Division of the 8th Air Force from January to June 1943 when he was named commander of the 8th Bomber Command.

In January 1944 he became deputy commanding general for operations of the United States Strategic Air Forces in Europe and served in this post until the end of the war.

Anderson was appointed to West Point in 1924 from Kingston, N. Y. He graduated in the class of 1928 and a year later from the army flying school.

He is now on terminal leave.

Gardener, Policeman Killed

Lyndhurst, N. J., Aug. 5 (AP)—A 60-year-old gardener, resisting a dispossession notice, barricaded himself in his frame house in lonely Monroe street today and shot it out with Lyndhurst police for a half hour during which he and one policeman were fatally wounded. The gardener was identified by Assistant Bergen County Prosecutor John E. Sesser, as Charles Longboat, who had told police earlier that he had "permission from Washington" to occupy the story-and-a-half house.

Thomas Albino, who was fatally wounded by a shotgun blast through the front door as he escorted a district court constable serving the dispossession notice, over gifts by contractors to other army officers.

New Hearing Aid Development To Be Demonstrated for First Time

A new development for the hard of hearing will be demonstrated by Mr. Harry R. Mooney Thursday, August 7, 1947 between 10 a. m. and 3 p. m. at the Governor Clinton Hotel. Mr. Mooney has been specially selected and trained by ACOUSTICON, the world's first and oldest manufacturers of electrical hearing aids.

This new hearing instrument presents so many of the very things the hard-of-hearing have long been seeking. It's a tiny instrument, so small it barely covers the palm with its batteries enclosed—making it convenient to carry. It's light, slim and beautiful—making it attractive to wear. It offers an etched clarity of tone that's hard to imagine because it

picks up even a whisper yet fades background noises as if smothered by a velvet blanket. The makers of this new development say this new Acousticon hearing aid has gathered favorable comment from people all over the country. These people have written of the unusually clear hearing they've acquired since wearing the new Acousticon.

All hard-of-hearing are urged to attend this FREE HEARING CLINIC in Room 120, Governor Clinton Hotel, Kingston, N. Y. Those who find it impossible to come should write to Harry R. Mooney, Bardavon Theatre Bldg., 35 Market street, Poughkeepsie for complete free information.

Financial and Commercial

New York, Aug. 5 (AP)—Motors and steel lead a selective comeback in today's stock market but bidding was timid and it was another of the slow sessions of the past month or so.

Recoveries appeared after a fairly active opening although the ticker tape frequently was at a standstill. While minus signs persisted, gains of fractions to around 2 points predominated near the fourth hour.

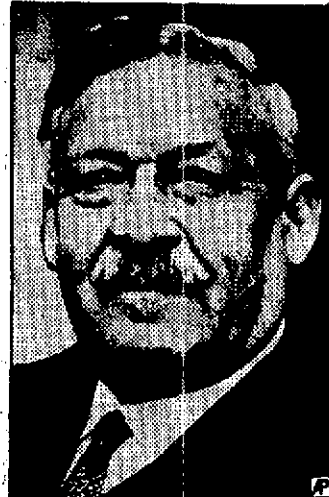

Occasional laggards were American Telephone, Sears Roebuck, Woolworth, Johns-Manville, Boeing, American Can, United Corp. and J. C. Penney.

Bonds were narrow. Grains retreated.

Evangelist Dies

RODNEY SMITH

New York, Aug. 5 (AP)—Rodney (Gipsy) Smith, 87, British evangelist, died of a heart attack aboard the British liner Queen Mary at 1 p. m. Monday, it became known when the liner arrived here today.

A gipsy tent his birthplace, the care-free life of the Roman clan his heritage, Rodney (Gipsy) Smith was transformed in his youth to a mission worker who developed into a leading evangelist.

His influence was extended early beyond his native England for he was not yet 30 when he first sailed to America to preach and he was only 34 when he went to Australia and continued around the world.

He made the globe his field for active evangelism, in all visiting the United States more than 30 times. He said he had spent two decades of his life in America. He circled the world twice, going to South Africa and spending three and a half years in France during the world war.

Smith was born March 31, 1860, near Epping Forest outside of the county of London, second son and fourth child of Cornelius and Mary Smith, and as a youth sold clothes pegs and tinware his father made.

The wedge breaking him away from a nomad's life was driven when the father and two of his brothers were converted and began preaching. Young Rodney was fired by their example and became converted when he was 16.

He set preaching as his goal and a year later went to work with the Christian Mission, headed by William Booth, soon to become "general" in the reorganization of the mission into the Salvation Army.

Unable to read or write, Smith began educating himself while carrying on his mission work. First called "the gipsy boy," he soon became known as Gipsy Smith, a name by which he was called the rest of his life.

One of his converts when he was working in Whiting was a Miss Annie Pennock, and they were married December 17, 1879. They had three children, two sons and a daughter.

Weird and Fantastic

White Plains, N. Y., Aug. 5 (AP)—State Sen. Pliny W. Williamson, Scarsdale Republican, says that the present formula for allotting state educational equalization payments is "weird and fantastic" and discriminates against one section of the state in favor of another.

Williamson informed the Westchester County Board of Supervisors yesterday he would introduce in the 1948 legislative session a bill to require a minimum payment of \$75 per pupil in all counties. His bill in the 1947 session to change the equalization formula failed, but he said state administration spokesmen had indicated some alterations would be made.

Veterans Service Agency Tells of Academic Credits

The University of the State of New York has accredited the freshman and elective courses of the Associated Colleges and has given provisional registration to the sophomore courses which are to be offered for the first time this fall, according to an announcement made by officials of the Ulster County Veterans Service Agency, Fair street, this morning.

This accreditation means that academic credits earned by students at the Associated Colleges will be accepted when they transfer to degree granting colleges and universities.

Facilities have been created at Champlain College for 150 women students, and their applications should be sent to the Director of

Admissions, Box 70, Plattsburg, New York, or to the New York office, 34½ East 12th street. Sampson, largest of the Associated Colleges, has room for 340 married students for the fall semester, which will begin on September 26. Housekeeping apartments for 220 student families have been created and will be ready in the fall. The apartments range from one to three rooms, and rental is reasonable. Sampson College also has room for 300 additional married couples who are willing to live in one room and enjoy kitchen privileges. Each of the buildings in which these apartments are available is equipped with electric stoves and refrigerators in community kitchens. Laundry rooms are also available. Such accommodations rent for \$15 a month.

Students still have time to register for the second six-week summer sessions at Mohawk and Sampson Colleges, which start on August 14. Complete semester courses, carrying regular hour credits as well as refresher subjects which carry no credit, will be offered.

For additional information concerning the Associated Colleges, contact the State Veterans Counselors, Ulster County Veterans Service Agency, 240 Fair street, Kingston.

4-H Bicycle Project

A bicycle maintenance project, sponsored by the New York State College of Agriculture at Cornell University in conjunction with county 4-H Clubs will be conducted in the near future, according to Professor C. M. Edwards, 4-H specialist in agriculture engineering at Cornell University.

Pins and medals will be awarded participants, and the boy or girl who does the best job in bicycle maintenance in each county will receive a medal donated by the Bicycle Institute of America. All those whose work is considered excellent will be presented with a pin. The project is being developed with a view to the proper care and adjustment of "bikes", and the awards will be made to encourage boys and girls to keep their wheels in good shape.

Anyone wishing additional information relative to the bicycle project is urged to contact the county 4-H Club agent, with offices at 74 John street. Boys and girls who are not 4-H Club members are also eligible and should apply at the county 4-H office for further information.

Aid Society will be held at the chapel Thursday night, August 14, at 8 o'clock.

Mrs. Olive Coutant of Newburgh visited Mrs. Bessie Zimmerman and family Sunday.

Mr. and Mrs. Douglas Nickerson of New Jersey called on Lemuel Frear and daughter, Bessie, Sunday.

Mrs. Bertha Gatie and brother, Behrend Bunje spent the week-end in New York.

How to Make Iced Tea

Make tea as usual, but double strength to allow for melting ice. While still hot, pour into glasses filled with cracked ice. ... Add sugar and lemon to taste.

"SALADA" ICED TEA

I try to share my party line—

AND I TRY NOT TO INTERRUPT WHEN OTHERS ARE USING THE LINE

"There's an old saying 'Do unto others—' and I find it pays me dividends in getting the most out of my party line."

"For instance in our house—we try not to interrupt when someone else on the line is using their phone. Of course if it's an emergency—we tell them why—and you'll generally find they'll hang up so we can get the call through. And we do the same when they really need the phone."

It's little things like that—not talking too long about the picnic you are planning or that shopping trip you're going to make—in other words not over-using your telephone—that make party line service better service for everyone on the line.

NEW YORK TELEPHONE COMPANY

44 ways

To get "Something for Nothing"

The railroads have received 44 "rules" demands from the leaders of the operating unions, representing engineers, firemen, conductors, trainmen and switchmen. They say they are seeking only changes in working conditions—NOT a wage increase.

More Money For Less Work

But what kind of rules are being asked for? Twenty-eight of them would compel railroads to pay more money for the same, or less work; 11 would require additional and unnecessary men to do the same work; the rest would bring about changes in operating practices at increased cost.

For Instance:

The Union leaders demand additional train and engine crews on Diesel-powered trains—one full crew for every power unit in the locomotive. A freight train hauled by a 4-unit Diesel would have to carry 4 engineers, 4 firemen, 4 conductors, and at least 8 brakemen, or a total of 20 men instead of 5.

"Made Work"—Sheer Waste

The Union leaders demand that full-length freight trains be cut to about half their length, even though such trains are most efficient for low-cost service to you. This rule would call for twice as many locomotives; would double the number of trains, and make accidents more likely.

Additional equipment, yards, and other facilities required to take care of these short trains would cost hundreds of millions. What the Union leaders really want is to make more jobs.

The Union leaders demand that when a crew in one class of service perform incidental service of another class, they will be paid not less than a day's pay for each class, even though full service is performed

as a part of the same day's work. The crew would get at least two days' pay for one day's work.

The Union leaders demand that the

present basic day for passenger conductors and trainmen be reduced from 150 to 100 miles, which would have the effect of increasing their pay 50%. Such a run often takes only two or three hours!

You Can't Afford This Waste

Demands like these are against the interests of the whole American people, who depend on railroad service for nearly everything they eat, wear and use.

These rules would cost A BILLION DOLLARS annually—a gigantic waste which neither the railroads nor the country can afford.

Railroad workers are good citizens and good employees, with pride in their calling. Their record during the war was outstanding. We do not believe they fully understand the "featherbed" rules which the Union leaders are demanding. We do not believe they understand the harmful results which these rules would have to the railroad industry, to the millions of men and women dependent on railroads for their livelihood, and to the shipping and consuming public.

The great strength of America is in production—an honest day's work for an honest day's pay.

For only through greater production can we hope to stop the steady upward surge of living costs.

Surely, if ever there was a time in our history when we needed to work, not waste, this is it.

Fatal Electric Shock

Westfield, N. Y., Aug. 5 (AP)—Warren Hastings, 43, of Westfield died of electric shock yesterday after the thrashing machine he was driving struck a high tension electric light pole.

Queen Mary Docks On First Trip as Postwar Vessel

New York, Aug. 5 (AP)—The giant British liner Queen Mary, holder of the trans-Atlantic speed record, completed her first ocean crossing since reconversion from war service today, and was given a gala welcome to New York harbor.

The ship was given a thunderous reception by other craft in the harbor and along the North river as she was dragged and pushed to her pier where hundreds of waving friends and relatives of the 1,183 passengers aboard waited.

The dull gray wartime coat of paint that covered the Mary when she carried 765,000 Allied troops during seven years of service as a transport was gone and the ship was decked out in its new colors—a black hull, white superstructure and red funnels.

Time for the trip was announced by Cunard officials as four days, 26 hours and 43 minutes from Southampton, an average speed of 26.85 knots. The officials said the ship was slowed yesterday so that she could reach the harbor for the early tide and the reception that awaited her.

The Queen Mary's fastest west-bound crossing from Bishop Rock to Ambrose Lightship is three days, 21 hours and 48 minutes, an average of 30.99 knots. The trip was made in August, 1938. Her top recorded speed is 32.08 knots.

Maj. Gen. William J. (Wild Bill) Donovan, wartime head of the office of strategic services, arrived on the Queen after a two-month business trip to Germany, France,

Switzerland, The Netherlands and England.

Donovan declared that "I do not think Russia is ready for war today or tomorrow, but we must get in shape and keep in shape. There is a psychological warfare going on now between the United States and Russia."

"It is in our own interest to see that western Europe must be strong and healthy. Western Europe is not only our military bastion. It is also our economic bastion."

Lions Club Sees Invasion of Iwo Shown by Marines

"The Invasion of Iwo," a technical color movie film produced by Warner Brothers at the request of the United States Government, highlighted today's meeting of the Kingston Lions Club at the Governor Clinton Hotel.

The film was shown through the courtesy of the Marine Corps recruiting sergeants who had a mobile recruiting office set up near the central post office for the last two days.

Technical Sergeant John Smith, officer in charge of the recruiting trailer, briefly explained to the Lions members details concerning the movie and the success of the unit's recruiting efforts throughout the country.

The film itself, photographed by combat photographers of the Marines, navy and coast guard, vividly portrayed the amphibious assault of Japanese fortifications on Iwo Jima by American military forces. Concentrated attacks by sea, land and air units, wiping out Japan's greatest stronghold in the Pacific, were graphically illustrated by real action shots shown on the screen.

The sandy, ashy terrain of Iwo, often referred to as the Gibraltar of the Pacific, was strikingly outlined in the film, which showed the slow, steady progress of one of the bitterest campaigns in the South Pacific, claiming a toll of more than 4,000 lives of American marines.

Lions President Walter Donovan announced that there will be a meeting of Lion, Rotary and Kiwanis committees at the Governor Clinton Hotel this evening to discuss matters affecting local service clubs.

A complete report on Lions activities for 1947-1948 was reported at today's meeting, as also an explanation of committee work, advance news on plans for this year's schedule and the budget figures.

Anti-Jewish Riots

Continued from Page One of Sir Oswald Mosley from street corners. It called on Home Secretary Chuter Ede to suppress these activities.

Mosley, pre-war head of the British Union of Fascists, was imprisoned during the war. Since his release he has published a periodical called "The Mosley News Letter" distributed publicly at meetings of the British League of Ex-Servicemen, which police say includes many of his pre-war followers.

The British press gave the current demonstrations only moderate attention in news columns and editorials.

Engineering Ranks First With Vets

The Veterans Administration reported today that two-thirds of the 101,000 veterans in college in New York state during the spring semester were taking courses leading toward definite job objectives.

Edward O'Dell, contact representative in charge of the Kingston V.A. office, said that a sampling of the records of 18,000 students revealed that two out of three were taking courses in agriculture, business, education, engineering, forestry, crafts and trades, medicine, law and architecture. These courses, he said, were regarded as leading to employment in particular fields of endeavor.

Mr. O'Dell said the survey indicated engineering ranked first in courses being taken by veterans, crafts and trades second, commercial courses third, and business administration fourth.

Courses not counted as falling within a definite job objective classification include liberal arts, physical and natural science, elementary school courses and others. Liberal art courses accounted for the largest number of veteran enrollees in the latter group.

Mr. O'Dell again cautioned all veterans who intend to attend schools and colleges under the G.I. Bill this fall to make application for entrance now and avoid the risk of being shut out of the school of their choice.

Good Taste Today

(Author of "Etiquette," "Children Are People," etc.)

"BRUSH OFF" ILLUSTRATED: A young engineer who is a stranger in the town to which his company has sent him writes:

"One day when with an officer of my company, I was introduced to a lady who is the mother of several attractive daughters. The lady was cordial and said: 'Do come to see us, but did not say when. Is it proper for me to call upon the lady, and if so, when? If she is out, would it be proper to ask for the daughters? Or may I call again, or does that end it?'"

Since you may not ask for the daughters whom you have never met, it might be well to telephone first, saying, "This is John Gadget, Mr. Dynamite's assistant; you said I might come to see you; I hope you remember? May I come this evening?" If she says "yes" or "names the hour you come." If she says, "I'm sorry, we won't be at home this evening," and mentions no time when she will be at home, there is nothing to do but consider that page closed.

Usher's Duties: Dear Mrs. Post: I would like to know if an usher at a wedding has any special privileges? He is to be an usher at a formal wedding and asks how he shall introduce the guests to the bride and bridegroom, especially as he is from a distant town and will not even recognize the nearest relatives.

Answer: The privilege of an usher is that he may speak to strangers as well as friends, and the "strangers" needless to say, are usually the prettiest and most attractive young women and girls that he sees. He says, "May I take you to the bride and bridegroom?" He offers his right arm, and they join the line. If there is no line, he escorts her directly to the newlyweds.

Speaking of Husband: Dear Mrs. Post: How should a bride speak of her husband in talking to strangers?

Answer: The rule of safety is "My husband" no matter to whom she may be speaking.

Do you know the "finger foods"? Mrs. Post has written a leaflet entitled, "Table Rules of Importance," which gives fundamental rules for eating hard-to-manage foods. To obtain a copy, send 5 cents in coin and a stamped self-addressed envelope to her, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. British Arrest

Continued from Page One but pending clarification of the British action no official reaction was forthcoming.

"We can't just figure out yet what this is in aid of," one seemingly puzzled Jewish source said. The reaction of the Arab higher executive, most of whose members are in Cairo for a meeting, was voiced by one attache, however, who said:

"Has the British Empire come to the point where it arrests a bunch of harmless old men to get even with the terrorists for murdering British soldiers? If this is the British answer to terrorism, then it is clear that a stronger hand is needed."

A government source said that Gen. Sir Alan Gordon Cunningham, British high commissioner for Palestine, was being kept closely informed of the progress of the raids and of those arrested.

The arrested mayors were Israel Rokach of Tel Aviv, Abram Kinitzi of Ramat Gan, Oved Ben Ami of Natanya and Joseph Sapir of Petah Tikvah. Rokach, who holds a CBE (commander of the British Empire) decoration, was placed under house arrest for health reasons after first being taken to Jaffa police headquarters.

Others known to have been detained included: Moshe Cohen, Tel Aviv municipal councillor.

Herman Segal, second in command of the Revisionist party, who was released from detention only a few months ago after three years in camps at Latrun and in Kenya colony.

Arish Portnoi, reporter for the Revisionist organ Hamashkil. Joseph Paamone of Tel Aviv, chairman of the Revisionist workers' welfare fund.

Menaschen Arber, commander of the Revisionist youth organization, Betar.

Dr. Wolfgang von Weisel, Austrian-born Jewish author who went on a 39-day hunger strike in Latrun last autumn.

Dr. Y. H. Eder, editorial writer for Hamashkil.

Dr. A. Weishall, leading Palestine lawyer.

Dr. B. K. Lubotzki, head of the people's movement, who last Saturday spoke in Tel Aviv demanding immediate evacuation of British troops.

Y. Gurion, head of the committee for detained immigrants from Eritrea.

Rabbis I. Z. Kanner of Petah Tikvah, Elia Tamarkin of Natanya and Shimon Tamarkin of Natanya. The departure of Jews from Palestine by air or surface routes apparently was cut off before the roundup was launched.

The high commissioner meanwhile issued an order outlawing Birth Trumpet, a youth organization embracing about 15,000 teen age boys and girls, declaring there was good ground for suspecting it "a recruiting ground for dissident groups." The organization is named after Joseph Trumpet, who was killed in a clash in a Jewish settlement in northern Palestine in the 1920's.

Natanya was the scene last week of the hanging of two British agents by Jewish extremists in retaliation for the execution of three members of Irgun Zvai Leumi, underground organization.

Approximately 60 other acts of violence have been perpetrated by the underground during the last two weeks in the area embraced by the four cities.

A government spokesman said all four mayors were arrested at dawn and their houses searched before they were taken away in military cars.

Dollar Signs!
When I was young it seemed to me money went too easily. And now that I am grown mature, my extra dollars seem still fewer. How will I ever save the gold that I intend to hoard when old? —John E. Donovan.

A customer sat down at a table at a smart restaurant and tied his napkin around his neck. The manager, scandalized, called a boy and said to him: "Manager—Try to make him understand as tactfully as possible, that this is not done." Boy (seriously to customer)—Shave or haircut, sir?

"We all live on the same main street. We are all closely interdependent. If we cannot learn this lesson, then a future conflict with the added horror of modern weapons may seal the doom of the human race."

Bink—I understand your son Bill is doing extremely well. Two years ago he was wearing his old suits, and now I'm wearing his.

Fuddy—Did you ever notice that successful men are usually bald? Duddy—Certainly! They come out on top.

He—I'm thinking of asking some girl to marry me. What do you think of the idea? She—It's a great idea, if you ask me.

"A tiger will not molest you if you carry a white cane," says an expert. That we depend, we should think, upon how fast you carried it.—Grit.

She—And will you love me when I'm old and gray? He—Good gosh, dearie! Are you going to stick to me that long?

Spree—Chugwater makes very sure of himself before he does any business.

Whisperproof—Ah, he's a safe blower, then!

Waitress—Have you given your order? Customer—Yes, but I should like to change it to an antiseptic.

Chief—How did Light-fingered Fred get caught? Sergeant—He's getting short.

Valerie A. Beam,
Richard W. Holden
Wed Sunday Afternoon

The wedding of Miss Valerie Anne Beam, niece of Mr. and Mrs. Harry C. Van Aken of Lake Katrine with whom she made her home, to Richard Warren Holden, son of Mr. and Mrs. Earl Holden of Phoenix, took place Sunday at 2:30 p. m. in the Fair Street Reformed Church. The Rev. Dr. Ernest Palen, pastor of the Middle Collegiate Church, New York city, officiated at the double ring ceremony.

Mrs. William Ellidge played the traditional wedding music including "Clare De Lune" by Debussy during the ceremony. Miss Harriet Boice of Lake Katrine sang "I'll Walk Beside You" and "Because."

Garden flowers were used in the decorations.

Mr. Van Aken gave his niece in marriage. She wore a white floor length gown of chiffon with finger tip veil and orange blossom coronet. She carried white chrysanthemums. Miss Nancy Elizabeth Beam of New York city was maid of honor for her sister. She wore a pastel blue chiffon gown and carried lavender chrysanthemums.

Mason Gosso of Shandaken was best man. Ushers were Richard P. Boice and Herbert Klippel of Lake Katrine.

A reception was held at the home of the bride in Lake Katrine for the immediate relatives. Afterward Mr. and Mrs. Holden left for the northern part of the state. For traveling the bride chose a pink dress with white accessories. They will make their home in Albany.

Mrs. Holden was graduated from Kingston High School, class of 1946 where she was an active member and soloist with the A Cappella Choir. She has been employed at the W. H. Grant Co. Dodgers Take Series Opener in Carbondale Behind Seddon, 8-1

Right Handers Loses Shutout on Error; Kowalski Bangs 4 Hits

The "clutch" series between the Dodgers and second-place Carbondale Pioneer Blues opened in the Pennsylvania town last night and when the final returns were in, the Dodgers' reputation as the "clutch" team of the N.A.L. was still unchallenged.

Lanky Ted Seddon made his 11th victory an artistic 6-hit triumph, as the Dodgers scored an impressive 8-1 success to boost their lead to 6½ lengths. He fanned seven and lost a shutout via an unearned run.

Nearly 1700 fans, the largest Monday night crowd of the season saw the series opener. The game was played in a tense atmosphere as the Blues dug in for a final, desperate effort to halt the pennant surge of the Kingston club. Second baseman, Gindole, was ousted by Umpire Carpenter for disputing a decision in the second inning.

Dodgers Sreaking
The victory was the Dodgers' ninth in the last ten starts and was achieved at the expense of Jack Heller, Carbondale's ace flinger, who entered the contest with a record of 27 consecutive scoreless innings in the home park.

Walt Kowalski, brilliant third sacker who slugged better than 500 in the seven-game set against Stroudsburg and Carbondale, continued his phenomenal pace with three singles and a triple (No. 17) in five trips.

Seddon had a three hit shutout going into the seventh when the Blues scored an unearned marker. Mayor was when Kitzos throw pulled Williams off the bag. Pizzo doubled to left center putting runners on second and third. Kunz then singled to right, scoring Mayor but Pizzo was cut down at the plate on a great throw by "Knobby" Rosa.

Heller Routed
The Dodgers shattered Heller's scoreless streak in a jiffy. Kerr walked and was forced at second by Newhard. Kitzos got a pass and Kowalski beat out an infield dribbler to load the bases. Heller induced Williams to pop to second but Rosa nipped a double to right scoring Newhard and Kitzos and Kowalski tallied when right fielder Kunz booted the ball around. Heller walked a score second and scored when Heller threw Kowalski's infield hit into the dirt at first base.

Antonez Doubles
A tremendous double by Big Rudy Antonez off the fence in left center field, 370 feet away, was the blow that killed Heller in the fourth. It followed Rosa's walk, an attempted pickoff and Orman's one baser to left.

Brooklyn in for third run in the fifth with long fly to right pushing across Kitzos who had walked advanced on Kowalski's infield out and a sacrifice. With two out in the ninth, Kitzos singled to center for his second hit and scored the final marker on Kowalski's triple to the right field corner.

The clubs play a single game tonight and wind up the series with a doubleheader Wednesday night. Kingston is home Thursday against Mahanoy City.

Morgan's Trip Frank's; Qualify For Playoffs

Every baseball and sports fan in the city is rooting hard for young Jess McKenzie to recover from his horrible accident Sunday night at municipal stadium. We pray that divine providence will insure for the Bloomingdale third sacker complete restoration of vision in his right eye. McKenzie is a brilliant prospect and it would be a tragic fate, indeed, if his baseball career ended under that pop fly that he never saw. The baseball fans of the city will watch his future with considerable interest.

As tragic as it may prove, McKenzie's accident cannot be considered anything except "one of those things" that happen every now and then in sports. The play on which it occurred was just a routine pop and hardly a fan in the park gave it a second thought when McKenzie dashed to get under it. The play has been made hundreds of times since ardent baseball started at the uptown park and no player has ever been injured. Perhaps there had to be a first one, and McKenzie was it.

It is merely co-incidental that McKenzie's injury was the third in four nights. The other two happened at second base. It will happen again. So long as ball players barge into second base trying to break up the DP, there will be accidents.

More About Sawatski:
Bloomingdale's fire-plug catcher didn't hit anything remotely resembling a homer but he did collect three singles and a double to boost his season's batting average in Kingston to a modest .312. . . . It was chiefly because of Sawatski that the Cleveland Indians arranged a working agreement with the Bloomingdale club. . . . "Butler", only 19 years old, was originally an outfielder but on instructions from the Cleveland front office has been made over into a catcher. . . . Bill Veech took one look at Sawatski's avoirdupois and reasoned that outfielders with Sawatski's build just can't weigh that much. . . . Local fans were treated to a sample of Sawatski's throwing arm in the second game Sunday, when he played right field. . . . He hit over the center field fence in Stroudsburg the other night, the only player to accomplish that feat this season. . . . The Phillies had him two years ago, but let him go. . . . From here it looks like a distinct possibility that two or three years from now you'll pick up your favorite sports page and read a Cleveland battery of "Feller and Sawatski."

Flotsam and Jetsam:
Dodger Sparklers: Brian Kerr with 21 hits last week and a BA of .433 in the 7-game set with Stroudsburg and Bloomingdale. He bashed 13 hits in 30 trips. . . . Walt Kowalski, making a flying exit from Class D baseball, batted .520, over the same stretch, with 13 hits in 25 trips, including two triples, a homer and 12 RBI's. . . . Big Rudy Antonez's comeback at the plate an intriguing development. . . . The tall, olive-skinned receiver is thriving on steady work. . . . The Yankees are playing an exhibition in Waterbury this week and you can bet your 1947 car that Fred Davi will be around. . . . The Waterbury Timers of the Colonial League have baseball's new "Iron Man" in Mike Kash, who has pitched and won three complete doubleheaders this season. . . . He has won 15 straight. . . . Billy "The Kid" Ostrom, not going so hot as a chucker with Poughkeepsie. . . . "The Kid" has never been the same since that spinal operation.

The Powerhouse in Town:
Jimmy Powers, the "Powerhouse" editor, who spent the week-end in Kingston as guest of Mayor Bill Edelmueth was a surprise visitor at the Dodger-Bloomingdale game, Saturday night. Jimmy, accompanied by Al Cirillo, the News' bowling correspondent who is well known in Kingston as en route to Saratoga in Jimmy's luxurious yacht. . . . Sports writing pays well, it would seem. . . . Powers was considerably interested in the Dodger setup. . . . He asked us if we had anything to say about how Branch Rickey is treating Kingston and if it was good, he would be happy to mention it. . . . This, mind you, is the same gent who tears Rickey apart daily and coined the term "retainer" for "El Chino". Powers also inquired about Rose Schatzel and said he hoped the local bowling "Queen" and Jean Mickey Michaels would hook up early in the fall.

"MULLIGAN" MIKE says there are about 75 doctors in the area and apparently not a baseball fan in the group. Three nights running at the stadium a player was injured and not a doctor in sight.

Williams Kayoes Montgomery; Becomes Undisputed Champ

Philadelphia, Aug. 5 (AP) — For the first time in five years the lightweight boxing division has an undisputed king—like Williams, the Trenton, N. J. Negro with dynamite in his right fist.

Williams, heretofore ruler only in the domain of the National Boxing Association, took complete control of the 135 pounders in Philadelphia's Municipal Stadium last night with a six-round knockout of Bob Montgomery, champion by edict of the New York and Pennsylvania Athletic Commissions.

The end to the double rule came so suddenly that the crowd of 30,500 hardly realized what had happened. For five rounds the two transplanted southerners battled furiously with Williams holding the edge.

The Bobcat's Error
Two minutes of the sixth round had passed when The Bobcat straightened up from his usual crouch style of fighting. That was a mistake. For Williams cut loose with a right cross that caught Bob flush on the chin. Down went Montgomery for the count of nine. It was more by instinct than anything else that Montgomery got to his feet. But he was an easy mark—standing in like's corner and taking a two-fisted pasting until he fell to the canvas for the full count. The time was two minutes and 37 seconds.

Post Mortem
"I just beat him to the punch," Ike said in his dressing room. "I saw he was getting ready to throw his right so I let mine go first. . . . Montgomery, marked with a cut under his right eye, explained it thusly: "I straightened up and walked into it." The threat of rain held the crowd to lower numbers than expected. The gate of \$175,301 also fell before pre-fight estimates. The Philadelphia Inquirer's Charles were expected to receive in the neighborhood of \$30,000 after Montgomery takes approximately \$38,000 and Williams \$31,500.

Morgan's Restaurant qualified for the playoff for third and fourth in the City Baseball League yesterday, trouncing Frank's Sport Shop, 9 to 2, behind the artistic six-hit pitching of Howie Brooks, who racked up his fifth victory without a loss.

Morgan's finished the season with six wins and three setbacks in a tie with Chez Emile and Boulevard Gulf. The league managers will choose the method of deciding the deadlock at a special meeting Wednesday night at 7 o'clock.

Bill Tierney, Morgan's brilliant shortstop, enjoyed a perfect "4" for 4" performance, including a double, triple and two singles. Bill Thomas had two singles. The six Frank's safeties were shared by Sierra, Davis and O'Brien.

The winners collected 12 hits off Radtke and scored enough runs to win the game with a three-run outburst in the second on hits by Swarthout and Maxon. Bill Tierney's triple, a sacrifice and two errors.

Centrals Edge
Fullers, 14-11

Central Lunch and Fullers had 7-run innings in their City Softball League clash yesterday, but the restaurant munched had more production in the other innings and went on to score a 14-11 victory.

Joe Albany led off with a homer for the winners, "Snitz" Houghtaling tripled and Jim Madden singled in the second run. Bud Smith's single gave Fullers a tally in their half.

A walk to Russo and singles by Zeke Zeile, Houghtaling and Madden accounted for four Central Lunch markers in the second.

Smith Slams 6th.
Fullers' 7-run blast in the fifth featured Bud Smith's sixth homer of the campaign, three singles and a grand slam vallop by "Doug" Harvey.

Batting honors went to "Snitz" Houghtaling with 3 for 3; Jim Madden three out of four and Bud Smith with three safeties.

Dixie Walker and Hugh Casey Medicine Men For the Brooks

BY RALPH RODEN.
Associated Press Sports Writer

Dixie Walker and Hugh Casey are shining examples of Brooklyn Dodger President Branch Rickey's theory that a few "old timers" along with youthful ball players is the prime requisite in the building of a pennant winner.

The apparently ageless Walker and the veteran Casey teamed up last night to end a three-game losing streak and maintained the Brooks' seven-game lead over the runner-up St. Louis Cardinals in the National League pennant chase.

100th for Dixie
Walker, Flatbush idol since 1939, homered with one on in the tenth inning for a 4-2 triumph by the Dodgers over the Braves in Boston. The circuit clout was the 100th of his major league career.

Casey, who will be 34 in October, received credit for the win, his eighth of the season against three setbacks. The hefty right-hander entered the game in the sixth after the Braves had tied the score at 2-2 and allowed the Bostonians only two safeties the rest of the way.

Thus did the Brook veterans complement the youth and speed of the balance of the club.

This policy of Rickey's paid off handsomely during his stay in St. Louis. The Cards won six pennants and four World Series and after Rickey left for Brooklyn in 1942, they won three more flags and two series, using primarily talent unearthed by Rickey.

Pollet Checks Cubs
The Cardinals hung up their fourth straight triumph, drubbing the Chicago Cubs, 8-1, in a day game at Chicago.

Lefty Howie Pollet scattered 10 hits while the Red Birds collected 17 off five Chicago pitchers, including a homer, double and single by Stan Musial.

The loss ended a three-game Chicago winning streak and dropped the Cubs a game and a half behind the fourth-place Cincinnati Reds who took a 7-4 decision from the Pirates in a night game at Pittsburgh. Eddie Lukon and Grady Hatton each cracked a two-

Local Ward Store Wins First Place In Catalogue Sales

MRS. HILDA HULSAIR

For the second time this year the local Montgomery Ward store has taken over first place position in a sales promotion by the Ward organization—this time in the Mid-Summer Catalogue Sales Contest with Mrs. Hilda Hulsair in charge of the local department.

In announcing the winning, Jackson Roosa, assistant manager of the local store, stated that Kingston placed first in District 2 which comprises 28 Ward stores in the northeastern area of the country, and notched second place for itself in Region 1 which takes in all stores east of the Mississippi river from Maine to Florida.

Assisting Mrs. Hulsair, manager of the Kingston catalogue order department, are Mrs. Marion Spader and Miss Marie Pappillo.

Prior to the catalogue order contest the Kingston store placed first in the annual spring Ward Week sales in Region 1, and today Assistant Manager Roosa paid tribute to the power of Freeman advertising as partially responsible for the continued fine showing of the local store.

"The winning of these contests are partially due to Freeman advertising," stated Mr. Roosa. "The Freeman has a good circulation, and this combined with the service rendered by its representatives and the pulling power of its advertisements has brought the local Ward store into a position of prominence in sales promotion in our district."

It Will Be Murder At the Maverick When Rope Opens

Woodstock, Aug. 5—It will be murder at the Maverick Theatre this first week in August when the Maverick Players present *Rope* by Patrick Hamilton.

Thus far during the season, the Maverick Theatre has responded to threats, even to shots at times but violence has been avoided. Now it's going to be different. *Rope*, a particularly unpleasant young man persuades another rather weak-minded individual to join him in putting an end to the totally inoffensive life of still another young man, William No. 1, has no particular grudge against his victim but wishes to commit the perfect crime. The play is called a psychological murder play. It abounds in tense and thrilling situations with the audience in possession of facts which are unknown to the characters on the stage. Seen by audiences in England and in the United States, *Rope* is the kind of thing that will send chills up and down one's spine even on the warmest summer night. Frequently during one of the scenes, members of the audience are impelled to scream clues to those who are being deceived upon the stage. Unlike literary "who-dunn-it," it does not deceive the spectators who are in on the whole thing, but at times it makes them feel as if they were actually parties to the crime, and in previous productions, more than one virtuous old lady has felt that she must denounce the evil-doers on the stage before anything further happens.

Those appearing in *Rope* will be James Doohan as Wyndham Brandon, Harding Lemay, Charles Granillo, Ernest Yacovino, Sabot, Kenneth Paine, Kenneth Raglan, Jeanne Jevens, Lella Arden, Lynne Charney, Mrs. Debonham, Fred Sadoff, Rupert Cadell, Leonard Heech is the director for *Rope*. He will be remembered for the work he did with Mr. Pim Pusses By and Our Town.

Scene designer William Pitkin has prepared sets in the modern abstract manner.

In playing *Rope*, the Maverick Players are departing, however, from anything they have attempted thus far this season. It will be interesting to see how they handle this excursion into psychological drama.

Country Club's New Pool Is Opened

Woodstock, Aug. 5—The Woodstock Country Club's new swimming pool was officially opened on Saturday when Holly R. Cantine made his presentation speech which included a short history of the former use of the club property.

"Probably very few of you people here know that this very property once belonged to my great uncle Hugo Disch," said Mr. Cantine, and continued, "He was a funny little Dutchman and a Miller by trade. Everyone who came to his mill was always offered a glass of grog, since he kept a good supply. He was very generous, the proof of which was manifested by the size of his horse and little dog Tray, whose Miller practically dragged on the ground. Every Thanksgiving, we shared his hospitality as my parents."

can read, in books which circulate throughout the entire world.

As Concerns Peace

Continuing with his subject, he said, "I should like to focus your attention specifically on ideologies in relation to the subject of peace. Everybody understands unless we have peace in the world, we shall no longer have a human race. It is necessary to emphasize this today."

Dr. Somerville is of the opinion, which he stated is shared by scholars and commentators, that the ideology of Nazi Germany is by no means dead. It was Dr. Somerville's belief that Nazi ideology is practiced in Spain, Portugal and the Soviet Union.

Explains Differences

In his explanation of the existing differences between the Nazi and Fascist ideologies and the Soviet ideology, he described the former as having a basic war motive, while in the case of the Soviets, they are primarily interested in peace. "They (with reference to the Soviets) have no special doctrines concerning war, their attitude is basically like ours in that they are willing to fight if necessary, but they realize the values of peace are superior to the values of war."

The speaker referred to the position of the Soviet Union on the question of Race as being exemplified in its national constitution, which makes any form of discrimination, or segregation based on race or color, a criminal offense. The equality of women, education and politics as existing in the Soviet Union were also spoken of. With regard to education, he mentioned particularly the fact that in the space of 15 years of the present regime, a population of 175 millions had been transformed from one which was about 70 per cent illiterate to one that became 80 per cent literate, which in the opinion of the speaker is an achievement unparalleled.

Further on the subject of literacy, Dr. Somerville said, "We are at the present time in UNESCO trying to organize our world scale the extension of literacy because it is a sad fact that even today, the majority of the human race cannot read or write. We are trying to organize and carry through the extension of literacy to all peoples."

Micheline was devoted to Russia when the speaker made it quite clear that he was not speaking about preferences but rather of facts whether, as he said, "I like or dislike the Soviet Union." He continued, "I have talked with hundreds of Russian Communists, hundreds of Nazis and Fascists and I am convinced there is nothing similar in their ideas which I would say are diametrically opposite."

Of the one party system in Russia, Professor Somerville declared that "people must meet the problems they are confronted with as their background, different two years in Europe. As fellowships going research work relative to the subject of ideology."

Dr. Somerville defined the term ideology as the science of ideas; the basic ideas concerning race relations, economics, politics, education, etc.

He said, "I would emphasize the fact that at the present time, I think it is most important for us in America to devote more serious consideration to this subject. Never was there a time when politics and international relations upon which now our very future depends, upon which depends the very question of whether we shall have a future, and never was there a time when these questions were so bound with the whole subject of ideologies. An individual who cannot think as an individual who does not understand the basic content of the ideologies operating in the world today, cannot understand the problems and situations in which the world now finds itself; nor could they possibly understand a way out which would preserve the human race and guarantee its continuity."

The speaker remarked that there is no excuse for any literate person to be unfamiliar with the ideologies as they exist in the world today because they are readily available to everybody who

Woodstock, Aug. 5—The Maverick Players were entertained by Mr. and Mrs. Harvey Fite on Monday evening when they had a supper and swimming party.

Miss Regina Ford of New York had a fainting spell as she was leaving St. Joan of Arc Church on Sunday morning following the 11 o'clock service and was taken to the Benedictine Hospital after being attended by Dr. Hans Cohn who arrived at the church very promptly. Miss Ford has been visiting Marguerite Graham, Byrdcliffe.

Edith King who played the leading role at the Woodstock Playhouse in *The Primrose Path* last week left Woodstock yesterday for Cohasset, Massachusetts, where she will play in *The Glass Menagerie*. Admirers of Miss King will have another opportunity to see her at the Town Hall moving picture theatre next week-end in Calcutta.

Mrs. Lee Schropshire, soprano, was the guest artist at the musical evening given on Saturday at the residence of Mr. and Mrs. Victor H. Dardenne. Mrs. Schropshire has a lovely voice, well-balanced and of fine quality. Her superb interpretation of selections by Wagner, Gounod, Rubinstein, Chausson and Hageman, was enthusiastically received by the many friends present on this occasion. A Beethoven sonata was played by Mr. and Mrs. Victor Dardenne, followed by several violin solos including *The Rondo Capriccioso* by Saint Saens, and *Zigunersweisen* by Sarasate.

With the war over, the American Contract Bridge League has returned to its original child welfare activity, the fight against disease in children.

Recently Mrs. Fred Hirsch of New York sent in a check for \$100 from the National Mah Jong League, for the Children's Cancer Fund.

Mrs. Hirsch is becoming interested in duplicate bridge and competed for the first time not long ago at the Adirondack Tournament. Her husband, who was her partner, gave her full credit for today's hand, and I think you will agree that she deserves it.

Mrs. Hirsch (East) won the opening heart lead in dummy with the king. Now most players made the mistake of leading a diamond to their own hand in order to take the spade finesse; but South ruffed the ace of diamonds and led another heart, which North ruffed. A diamond came back and South got in another ruff.

Mrs. Hirsch saw that if she

could avoid losing more than one spade and one heart trick, she could make her contract.

At trick two she led dummy's ace of spades, followed by another spade. South won this with the king and tried to cash the king of clubs; but Mrs. Hirsch ruffed, picked up the trumps and spread the hand for the balance of the tricks, making six-odd.

Jack Pierce Cartoons To Be Published in West
A serial cartoon in book form by Jack Pierce, former Kingston and Troy news photographer is scheduled to be published this week in Seattle, Wash. It was learned today.

The cartoonist, who joined the U. S. Army before the United States entered the war, served in the Philippines and later in Japan as a second lieutenant. He was wounded in the Philippines and spent several months in the veterans' hospital at Tacoma, Wash.

The former local man was advanced to the rank of captain before he finally mustered out of the army. He decided to remain in the northwest where he is now furthering his art training and working on special assignments. He has done illustrations and cartoons for racing magazines and some work for newspapers in the Seattle area.

Prior to a brief visit to this city last December, Mr. Pierce, won an important poster contest at the art school where he began his studies.

Company M Vets Will Celebrate

To Hold Dinner and Dance Saturday, Aug. 23

Company M Veterans Association will commemorate the 30th anniversary of its members' departure from Kingston for service in World War I on Saturday evening, August 23, with a turkey dinner and a dance at The Alpine, overlooking DeWitt Lake.

All members are urged to attend, with their wives and friends. Monday, August 18, is the last day for reservations, which may be made by phoning 1281-W.

Transportation will be furnished for those without cars, if they apply to Leroy Markle or Herman Britcliffe, members of the committee on arrangements.

Two Concerts Are Set for TB Patients

Other Musical Events Are Planned by Union

Two concerts by the Woodstock String Quartet will be provided by the Musicians Protective Union of Kingston, Local 213, American Federation of Musicians at the Ulster County Tuberculosis Hospital, during this month, the organization announced today.

The first concert will be given Aug. 14 and the second Aug. 28. The quartet will also select soloists for special selections at the concert.

Other events on the program of the organization includes two concerts at the Home for the Aged Aug. 12 and 26, by the Julius Heller Ensemble, and a series of dances.

Free outdoor dances will be held in the city parks during the month with music furnished by the union. The first will be at Forsyth Park Aug. 6 at 8 p. m., with music by the "Columbian" a ten-piece orchestra featuring "Bud" Deyo.

Another dance will be held at Hasbrouck Park Aug. 11, Cornell Park, Aug. 13, Block Park, Aug. 18 and Hutton Park Aug. 25.

Other dances and educational projects will be presented from September through December.

Carpenters Unions Won't Permit Bill To Affect Projects

Area carpenters unions will function on the contention that all building projects are to be regarded as local and not affected by inter-state commerce regulations as explained in the Taft-Hartley bill, George E. Yerry Jr., business agent of the Kingston Metal Trades Council, said today.

This decision arose of discussions at the recent session of the New York State Council of Carpenters at Elmira, which Mr. Yerry attended.

Several sessions on the Taft-Hartley bill were held during the convention which opened July 30 and lasted until Sunday, the local agent reported.

The point was stressed in the sessions that where the carpenters' union is concerned on all construction projects, they are to be regarded as local and not affecting inter-state commerce, and as such they will not be subject to provisions of the Taft-Hartley bill.

The union further took the position that it will uphold its jurisdictional rights as established since 1887.

Mr. Yerry represented the Ulster County District Council of Carpenters and Carpenters' Local 1175, at the convention.

Can't Keep Miller Down

Still climbing is Marshall Miller, superintendent of the city fire alarm system, who started his 34th year of service last week as a member of the Kingston Fire Department. He lacks one year for the quarter century mark in his present position. Ten years ago he modernized the local alarm system, making it similar to New York city's. Superintendent Miller obviously is an advocate of the saying: "You are as young as you feel."

District Governor to Visit Kingston Rotary

J. Victor Wiley of Hudson Falls, N. Y., district governor of Rotary International, District 174, will pay an official visit to the Kingston Rotary Club on Wednesday.

The district governor will meet with the chairman of the various committees and will be the principal speaker at the regular luncheon-meeting.

14 Negroes Killed

Waxahatchie, Tex., Aug. 5 (AP)—At least 14 Negroes were killed near here at dawn today when a truck in which they were riding collided with a gasoline truck and burned. Ambulances from Waxahatchie and Ennis made runs to the scene, bringing bodies of the victims to a temporary morgue at a Negro theatre here. Officers said they did not know immediately how many were injured. Traffic on the highway to Dallas, 30 miles to the north, had to be rerouted.

Agriculture Agent Reports Orchards Need Pest Control

Following his visit this past week to county apple orchards, Walter Baran, assistant county agricultural agent, observed that practically every orchard has a sufficient number of mites (red and two-spotted) present to warrant immediate control. Most of these orchards had been well-sprayed this spring, Baran said. He cautioned that prune and peach orchards should also be checked for mites, and said that if from four to six mites are found per leaf the orchards should be sprayed immediately.

A spray consisting of DN-111 at one and one quarter pounds, per 100 gallons of water should be used. DN-111 is compatible (mixes) with sulphur or D.D.T.

Instead of the spray, Mr. Baran advised that a D-4 dust may also be used.

Neither DN-111 or D-4 dust kill the eggs in the early stages, he said, therefore a second application may be necessary in about 10 days, and both the top and under-

side of the leaves should be thoroughly sprayed.
Whatever chemicals are used, Mr. Baran cautioned, directions on the packages should be followed carefully. Anyone desiring more specific information can reach Mr. Baran by phone at Kingston, 3631-J, between 7 and 8 a. m. daily, from Monday through Friday.

Although only a third of the United States motor travel is at night, three of every five traffic deaths are at night.

LUCKY STRIKE presents THE MAN WHO KNOWS—

THE TOBACCO WAREHOUSEMAN!

"I'VE SEEN millions of pounds of tobacco sold at auction. And at auction after auction, I've seen the makers of Lucky Strike buy tobacco that's got real smokin' quality... tobacco that smokes up mild, cool and fragrant."

Sidney T. Currin

S. T. CURRIN, INDEPENDENT TOBACCO WAREHOUSEMAN of Oxford, North Carolina (24 YEARS A LUCKY STRIKE SMOKER)

FINE TOBACCO is what counts in a cigarette

SIDNEY CURRIN IS RIGHT!...And like him, scores of other experts...who really know tobacco...have seen the makers of Lucky Strike buy tobacco with "real smokin' quality."

After all, that's what you want in a cigarette...the honest, deep-down enjoyment of fine tobacco.

So remember...
